INCOME REQUIREMENTS

-For residents participating in the program as an Income level 1 or 2 their property must have a total assessed value at or under \$1,230,000 in the BC Assessment listing

-If the household meets the income threshold of any of the levels in the table but the home is valued at, or higher than the value of \$1,230,000 they will be approved as an income level 3 participant.

Rebate coverage is based on the combined income of all adults in your home and how many people live in your home, including adults and children.

Number of people living in your home (including adults and children)	Combined pre-tax annual income of all adults in your home (excluding dependants):		
	Income Level 1	Income Level 2	Income Level 3 (NEW)
1 person	\$47,007	\$61,697	\$99,891
2 persons	\$58,522	\$76,810	\$124,358
3 persons	\$71,945	\$94,428	\$152,884
4 persons	\$87,350	\$114,647	\$185,620
5 persons	\$99,072	\$130,032	\$210,528
6 persons	\$111,735	\$146,653	\$264,353
7 or more persons	\$124,402	\$163,277	\$264,353

COST

The upgraded windows average around \$950 per window. Since the program limits out at a rebate of \$950 per window/or door, homeowners still need to be responsible to cover the costs of the installation and the interior finishing of the window. Window and installation prices differ depending on the size of the window, but most windows would be estimated around \$2500 for purchase and installation

HOW TO APPLY

Complete the programs' pre-screen and pre-registration to determine your eligibility through the CleanBC Income Qualified Program participant portal. Once confirmed you will receive an eligibility code and an opportunities report outlining your suggested upgrades. You can also make an appointment with an income qualified program coach or schedule a virtual assessment for pre-registration assistance or support to identify the best upgrades for your home.
